## Glenmorangie . Ardbeg . Jameson

The Glenmorangie Distillery was founded in 1843. It is situated on the North Sea coast, on the shores of the DornochFirth, in the Royal town of Tain, Scotland. The Glenmorangie Distillery today continues the legacy of craftsmanship, commitment and creativity established over 165 years ago.

### Glenmorangie Original

A single malt whisky of exquisite finesse and alluring complexity, with notes of citrus, vanilla and almonds. Truly original since 1843. An inviting single malt whisky, welcomed by successful luxury spirit drinkers around the world. Its alluring complexity enhances the relaxed and convivial mood of the group by igniting the senses.

### Glenmorangie Lasanta

Glenmorangie The Lasanta, true to its Gaelic meaning of ‘warmth’ and ‘passion’, is a full-bodied, elegant NON CHILL-FILTERED single malt. Initially matured in bourbon casks, The Lasanta is then extra matured in Oloroso sherry casks, to create its rich, nutty flavour.

### Glenmorangie Quinta Ruban

The ‘Quintas’, or wine estates of Portugal provide the Ruby Port casks for this velvety-textured NON CHILL-FILTERED single malt. Initially matured in bourbon casks, then extra matured in Ruby Port casks, to create the chocolate and minty notes of The Quinta Ruban. ‘Ruban’ is the Gaelic for ruby.

### Glenmorangie Nectar D’or

This rich NON CHILL-FILTERED single malt takes its name from ‘Òr’ which means gold in Gaelic, perfectly describing this rich and luxurious expression of Glenmorangie. Initially matured in bourbon casks, then extra matured in Sauternes ‘barriques’, to create luscious lemon and syrup flavours.

### Ardbeg

Nose: infused with lemon and lime, dark chocolate, menthol and pepper, tarry ropes, graphite. Smoked fish and crispy bacon. Taste: Peat and spiced fruit explosion-tangy lemon and lime, pepper and cinamon-spiced toffee. Brin, bananas and currants, espress and tarry smoke. Finish: Long and smoky, with tarry espresso, anised, pear and barley.

### Jameson

Jameson is a smooth, spicy-sweet malty whiskey. Unlike American and Scotch whiskies, which are distilled once and twice respectively, Jameson is distilled three times. It is this triple distillation that gives Jameson its unique smoothness. Jameson is made from non-peated malted barley.
